**RE: INTERVENTIONAL RADIOLOGY SPECIALTY**

Dear Valued Provider:

As we continue our mission to improve our Members' health and provide service excellence, we'd like to inform you of your 2018 designation in our **High Performance Network (HPN)**. AvMed's HPN initiative recognizes providers who meet or exceed quality of care and cost-efficiency benchmarks. *Although this year's evaluation did not include your specialty, specialties not evaluated automatically default to the HPN status.* **As a result, you have been designated as an HPN provider for a period of one year, beginning on January 1, 2018.**

A key advantage of the HPN designation is **lower out-of-pocket copayments** for AvMed Medicare Members seeking care from HPN providers. The annual benefit will be effective **January 1**, for the 2018 HPN designation period. Providers with the HPN designation are listed in AvMed's Medicare provider directory with this identifying symbol (▲).

To find out more about AvMed's HPN initiative, please visit us at **[www.AvMed.org/providers](http://www.AvMed.org/providers)** and select **"High Performance Network Program" under the Provider Tools menu, after logging in.** You may also contact AvMed's **Provider Service Center at 1-800-452-8633.**

Thank you for your continued support as a valued network provider.

Sincerely,

Geoff Todd  
Director, Collaborative Care Networks
